FLOOR DEBATE

May 22, 2001

LB 389, 831

SENATOR CUDABACK: Time.

SENATOR BROMM: ...the slamming laws.

SENATOR CUDABACK: Thank you, Senator Beutler. Senator Bromm, there are no further lights on. Do you wish to close on your AM2104?

SENATOR BROMM: Well, I thank you, Mr. President, Senator Beutler, and Senator Hilgert. And to the extent that my answers aren't clear, I'll be happy to try to clarify them for you further, especially before you see the bill again. But I've given you what I understand to be the right answers from the Public Service Commission, information that was provided to us. Again, this amendment simply does a couple of things. It incorporates the updated language that we think we need to have with respect to regulating wireless carriers that attempt to draw money from the Nebraska Universal Service Fund. It clarifies that contract carriers would be subject to the Nebraska Universal Service Fund charge, and it includes the provisions of LB 831 which updates our antislamming statutes and allows the commission to adopt their antislamming rules to comply with the new rules issued by the FCC which was just last year. And finally, it allows the commission to file their annual telecommunications report, about 500 pages, electronically with the Legislature. With that, I would ask for your approval of AM2104.

SENATOR CUDABACK: Thank you, Senator Bromm. You've heard the closing on AM2104 offered by Senator Bromm to the committee amendments to LB 389. The question before the body is shall that amendment be adopted. All in favor vote aye, opposed nay. We are voting on the Bromm amendment, AM2104, to the committee amendments. Have you all voted who wish to? We are voting on AM2104. Have you all voted? Record please, Mr. Clerk.

CLERK: 27 ayes, 0 nays, Mr. President, on the adoption of Senator Bromm's amendment to the committee amendments.

SENATOR CUDABACK: The motion is adopted. Mr. Clerk.
